Result of Academic Session 2020-2021

Annual Result of X & XII for session 2020-2021 was prepared by the school. It was on the basis of the exams written by the students during lockdown and of the marks of class IX & XI. Due to the high wave of Covid-19 there was no annual written exam for the students. CBSE sent a circular to create the school Result committee to prepare the result for our own students. Principal along with the five main subject teachers were in the result committee. After preparing the result in the given format it was sent to the Board and then Board announced the board result. Our Students' passes with 100% result.

CHALLENGES FACED:

1. Students have returned to the school after almost 2 years of gap. The discipline of students is a big challenge in the school.
2. Teachers just they try for the government job & as they get they leave without prior information, sudden going of a teacher is a big difficulty of the school as we don't get trained teacher very easily.
3. The strength of the students is a big concern.
